BETWEEN SKY AND SEA

CRUISES 2014-2015

NOVEMBER 2013 - JANUARY 2015

The Cruise of a Lifetime.

A cruise is an adventure combined with extreme comfort, moments of privacy mixed with socialising with friends or with the love of one's family. Days where the time doesn't matter, filled with opportunities to celebrate important occasions.

A cruise always exceeds expectations and dreams, because it contains all of them and carries them with you around the world, and a Costa Cruise is the queen of all cruises. The variety of services and facilities available, the warm welcome, getting to know new cultures, a host of wonderful experiences concentrated in just one holiday, free of all worries.

Costa, “Dolce Vita”.

The spirit of an entire nation sails the world's oceans on each of our 15 ships. Elegance, style, and a belief in beauty and traditional hospitality have been at the service of millions of guests over the last 65 years. We are Costa, we are from Italy, a nation of poets, seafarers and saints. We know how to enjoy the authentic things in life and we let our hearts do the talking. We will never tire of searching for new solutions for you, showing you the greatest consideration and maintaining maximum attention to detail. Pioneers and innovators of seafaring holidays, we continually strive for new ideas and new routes, to satisfy and surprise you every time as if it was your first. Our ships host a wide range of different attractions. As more than a million Costa Club Members throughout the world already know, travelling with Costa is a holiday within a holiday.

A ship of friends.

On every Costa ship, professionals from all over the world are dedicated to making your holiday a special experience. The only things you need to bring with you are a sense of wonder, enthusiasm and a desire to relax. Having you as our guests is a genuine privilege, but what we really can't wait to do is get to know you, because that is our idea of a real welcome, discovering your tastes and making you feel among friends while the beauty of land and sea passes before your very eyes.

A sea of respect.

Seafarers know very well that the majesty of the sea is to be respected. This is why all the ships in the Costa fleet employ the foremost technologies in the fields of sustainability, respect for the environment and energy saving.

From water supplies and air conditioning to lighting and propulsion, all practical and technical aspects are organised with synergy in order to reduce waste to a minimum.

Make yourselves comfortable.

On every Costa ship, the most important thing is you. Everything revolves around your comfort. You will not have to worry about a thing, and your only dilemma will be whether to stay in the cosy nest of your cabin or go out and enjoy the ship. And if you are lucky enough to be parents, we have favourable formulas for our younger passengers as well as services completely dedicated to their entertainment and enjoyment.

Savour your cruise.

If travel feeds the spirit, our chefs certainly know how to nourish the body. There are always a number of mouth-watering delicacies available, recipes from all corners of the globe, prepared only with the freshest and most authentic of ingredients. Sumptuous feasts await you, all washed down with an excellent selection of wines. Travelling on a Costa ship is truly something to savour.

A spectacular holiday.

At sea, you can dance, attend a gala evening, be thrilled by an international show and seduced by the theatre. The nightlife aboard Costa ships offers you a whole range of exciting experiences both as a spectator and as a participant. Put on your finest clothes and lose yourself in a world of magic and wonder.

The caress of water.

Everything on Costa ships is conceived for your relaxation and wellbeing, but in the Samsara Spa you will be able to experience bliss. Thalassotherapy, a laconium, a tepidarium, water which caresses the body and soothes the mind, a world of absolute pleasure to reinvigorate yourselves from head to toe.

New Explorers.

A new port, land in the distance and the keen excitement of an explorer. Costa combines the beauty of life at sea on board its ships with a wide selection of excursions. Local guides, like the natives of a new continent, will lead you to the discovery of new wonders before you return to the ship with your soul enriched and your mind wiser.

A scenic landscape of a fjord at sunset. The sun is low on the horizon, casting a golden glow over the water and the surrounding mountains. The water reflects the sun's light. In the foreground, there are green trees and a small patch of yellow field. A large, stylized, light gray 'C' shape is overlaid on the image, framing the text.
