Throw open the curtains one morning and you might be greeted by the glistening Norwegian Fjords. Open them another and it could be the walled city of Dubrovnik or the sun rising over Venice. Imagine taking breakfast on your balcony with these iconic sights as your backdrop. Could there be any better way to start your day?

Your balcony is your own private hideaway; a breath of fresh air – literally! Leave the ship's activity behind as the pure ocean air washes over you and the warmth of the sun caresses your skin. This private space is somewhere to share special moments with loved ones too, whether it's watching a dramatic sunset fill the sky or catching dolphins dancing in the waves below. And to help you relax into your surroundings, on all cabin balconies you'll find comfortable chairs and a table, with the majority of suites enjoying the addition of steamer loungers.
